

Why St. Andrews College is the best school in Leinster

I think my school is the best because it is a fun, interesting and nice school.

Small children really enjoy being in our school because we have a lovely climbing frame in the yard. We also have dedicated Music, Art and Drama Teachers.

Us older students really enjoy St. Andrew's College because we have a great school library. We have a school Musical every year. We also have really interesting school trips.

We have lots of good things in our school. We have an Art Room, Sports Hall, Junior Hall, Senior Hall, (it even has a stage), Canteen, Music Room, Senior School Library and Junior School Library

The most important reason why my school is the best is because, in our school, the students and the teachers work together as a team to make sure it is the best and most

fun school in Leinster and lets not forget... we also have chickens.
