

**Tony Hughes**

**If you love sports St Andrews is the best school for you.**

Small children have great playgrounds and great teachers. Older children enjoy computers and the amazing gym. The morning mile is so much fun!!!Every year each class adopts a zoo animal.

There is a basketball court, climbing ropes and lots of comics to read. There is a beautiful train on the playground.

School children learn in a fun way. Everyone loves to come to this school. The teachers are very kind and smart good especially Ms. Collis. St Andrews is a very special school.
